No-Shows and Late Cancellations

- A no-show is when a rider does not appear within 5 minutes of the vehicle's arrival at the point of pick-up, provided the vehicle is within the on-time window (15 minutes before or after the scheduled pick up time). After 5 minutes of waiting the driver will leave for their next ride.
- A late cancellation is when a client does not call the dispatch office to cancel their ride at least an hour before the scheduled pick-up.
- As no-shows and late cancellations cause service delays and denial of service to other passengers, a fee will be charged before a client can ride with us again. The fee is what the ride would have cost if it had been taken.

Will Calls

- Will call rides are available for medical appointments and work.
- If you set up a pre-scheduled ride and ask for a will call for the return, the will call is considered pre-scheduled as well.
- When you finish with your appointment or work you just call dispatch and a driver will come pick you up at their earliest availability.
- For rides such as hair appointments and shopping trips you must set a time for the return ride in order to get a pre-scheduled rate for it.

Attendants

- If you require assistance and have someone who will go with you they may ride free as an attendant. They must be picked up and dropped off at the same location as the rider in order to ride free as an attendant.

Children

- Infants, toddlers, and children that require a caregiver ride free.
